QHSE Policy

NDT Group QHSE Policy is a guide to provide a framework for setting QHSE objectives and targets. QHSE Policy is appropriate to the purpose, size and context, including the nature, scale and environmental impacts of our services. QHSE Policy supports our strategic direction.

NDT Group Limited has expectations for all employees and contractors and the roles they should play with respect to the environment. NDT Group Limited will manage its operations in ways that are environmentally sustainable and economically feasible and provide appropriate environmental education programs for its staff.

In the case of Laboratory and Site Services, to always remain independent of any outside influences when carrying out these activities.

NDT Group are committed;

- To providing safe and healthy working conditions for the prevention of work-related injury and ill health;
- Identifying and managing QHSE risks and opportunities;
- eliminating hazards and reducing risk;
- To the protection of the environment, including prevention of pollution and other specific commitments relevant to our context;
- To satisfying applicable legal and other requirements;
- To consultation and participation with workers, and where they exist, workers representatives;
- To enhancing customer satisfaction;
- To continual improvement of the QHSE management system to enhance our QHSE performance.
- To ensure that tests shall always be carried out in accordance with stated methods and customers' requirements.
- To ensure that all technical data, quality records and all intellectual property (both NDT Group Limited and that of the customer) is properly maintained as required by the relevant standards and to those standards required by customers.
